SOUTH SIDE CLINIC.

The free Clinic recently established by Dr. Theodore Smith at 1200 East Fifteenth Street for the benefit of those who are not able to pay the services of a physician has proven a godsend and is filling a long felt need among the people of our race in that congested section of the city. The following physicians, Dr. J. H. Jones, Dr. A. D. Bradbury, Dr. Fletcher and Dr. E. M. Phenix, are rendering valuable service and Dr. Theodore Smith is filling their prescriptions at the lowest possible cost. The hours are from 1 to 3 p. m. except Sunday and those who have been benefited by the establishment of this clinic are loud in their praise of the thoughtful generosity of Dr. Theodore Smith.

MASONIC.

In order to properly extol the beauties of Masonry each lodge should provide itself with a decent meeting place. No degree of equipment should be omitted and every Masonic form and precedent should be lived up to. There are no shortcuts in Masonry. Anything which is not entirely right is entirely wrong. There are no compromises in Masonry. There is no cut-and-cover detail should be worked out just as it was done by our ancient brethren. This can only be done by really good men; by men who are deeply in earnest.

A Masonic hall should be clean, airy and always neatly furnished. And its equipment for square work should be ample. In such way only can it be done.

Brothers should attend the meetings for the instruction which a proper observance of the rites always carry and not cavil and dispute about trivial things. A few contentious, troublesome members destroy the usefulness. Meetings should begin early and close early. This conversation at the close of the meetings of the service as well as the time and health of the craftsmen.
